Global Health to provide mobile medical services at LyondellBasell

As seen in the December/January issue of BIC Magazine:

Making new strides in worker education and wellbeing is one of the goals of the Houston Area Safety Council (HASC). Now an alliance among HASC, Global Health, Performance Contractors Inc. and LyondellBasell is setting yet another precedent by placing a mobile medical unit at a \$700 million project in La Porte, Texas. It is also one of the first projects in the Gulf Coast to fully utilize the multiple medical, health and screening services offered by HASC's mobile medical unit.

For more information, visit www.hasc.com or call (281) 476-9900.
